NO PANIC SO FAR

DEMOCRATIC ADMINISTRATION HAS NOT RUINED COUNTRY

A SORRY SPECTACLE

The Remnant of Republicans left in House Are Still Unable to Present Solid Front

(By W. C. Van Cleve.)

March 12, 1914, Washington, D. C.—A Democratic Administration has now been at the helm for more than a year and the country still lives. Predicted panics have not come; the seasons come and go as usual with almost monotonous regularity.

Republican statesmen have proved themselves unreliable prophets and many of them worried. They have seized upon one thing after another with hopeful expectancy only to be repudiated and discredited by the facts. The induction of a new party into power at Washington was to be followed by fearful consequences the tampering with the sacred schedules of the Payne-Aldrich tariff law was to bring about disruption and disaster and any change in the thread bare and obsolete currency law could only result in panic and financial disorder.

Yet these things have all come about and satisfaction and contentment are supreme in all sections of the country. Republican leaders have been combing the country from Boston to Seattle for evidence on which to found some sort of industrial alarm but their efforts so far have resulted in nothing. They have discovered idle men in the great cities but the Department of Labor says there are no more than usual during the winter months. They have yelled Argentine beef and Chinese eggs but the Secretary of Commerce says the business of the country was never in better shape, and now comes the Secretary of the Treasury, fresh from a tour of the whole country, who says he has been impressed to the point of amazement with the general promising outlook for the future.

Mr. McAdoo is not a blitherskite politician but a solid, high class business man and his information comes from a personal survey and from contact with local banks in every section of the country. There is no business more sensitive to business depression than the banking business and the bankers and business men in every state have told Mr. McAdoo that the business outlook was never more promising.

* * * * *

The remnant of republicans left in the House of Representatives present a sorry spectacle. There are stand patters, progressives, independents and progressive regulars and their, leader, the Hon. James R. Mann, although one of the ablest tacticians and one of the hardest workers in Congress is unable to control his flock or to present a solid front on any proposition. The old machine that worked with such merciless precision during the Cannon regime is demoralized and for the time at least, has gone to the scrap heap.

* * * * *

The House a few days ago passed a bill introduced by Representative Booher designed to prevent the shipment of convict-goods from one state to another. The purpose of Mr. Booher's bill is to relieve honest labor as far as possible, from competition with convict labor by removing the interstate commerce character of convict made stuff and making it subject to the laws of the state into which it is shipped. It is a good bill and passed the House by a large majority.

Representative Hensley of the thirteenth district, has also had reported a companion bill to the Booher bill which proposes to prohibit the importation into this country of goods made in whole or in part by convict labor. The Booher bill seeks to prevent one state from dumping its convict-made goods into competition with the honest workmen of another state and the Hensley bill would shut out from this country all goods produced by convicts in other countries. These bills, if they pass the senate and become a law, should be a great benefit to the laboring men of the United States. It has been the policy of the democrats of this Congress, not to tax the working men rich, but to aid them in ways that mean something. Mr. Hensley hails from southeast Missouri and ranks as one of the ablest and most industrious of the younger members. He is a credit to his district and holds a high place in the esteem of his fellow members in the House.

* * * * *

The House has also passed a bill to create a Bureau of Labor Safety in the Department of Labor. It is claimed by high authority that over fifty per cent of the industrial accidents are preventable. Contrary to the general understanding, only one-tenth of the fatalities and one-sixteenth of the injuries are suffered by railroad employees. The balance are to those engaged in other industries. When it is remembered that there are 35,000 accidental deaths and 2,000,000 injuries annually, which means a death every 16 minutes and an injury every 16 seconds, the importance of the effort to minimize this toll exacted from our citizenship is readily recognized.

* * * * *

The resignation of ex-Gov. Joseph W. Folk as solicitor of the State Department to become counsel for the Interstate Commerce Commission at $10,000 per year leaves two fat berths in Mr. Bryan's official household. John Basset Moore, his chief diplomatic adviser, has also resigned.

* * * * * *

The President's appeal for the repeal of the provision of the Panama Canal Act exempting American coastwise vessels from the payment of the tolls will be respected in both house and senate according to indications. It raised a storm of protest and it will be repealed because of a desire on the part of the members to support the administration rather than because of any change of opinion. Mr. Underwood will speak in opposition to the repeal but will not exert himself to defeat it.

ONE HUNDRED AND TEN

Hand of Church Fellowship Given to That Many People at First Baptist Church Sunday Night.

The hand of church fellowship was given to 110 persons at the close of the services Sunday evening at the First Baptist church. Quite a number were sick or had sickness in their homes and were unable to be present at that time. The rite of baptism was administered to two candidates at the beginnig of the service and two more were received for baptism.

With the two received for baptism Sunday evening, 191 additions to the church have been made since Rev. Louis Hale, the pastor, began his pastorate the first of September, last. And at the business meeting Wednesday evening of last week, when F. W. Olney the church treasurer gave in his final report before leaving for his new home in Arkansas, it was found that $2,200 had been raised for all purposes since the new pastor began his work. The church was never in better condition in all things.

The presence of Dr. T. L. West, secretary for the state mission board, who preached two fine sermons Sunday, was indeed an uplift to pastor and people. Dr. West says there is but one Sunday School class in the state that out-numbers the class of men taught by Rev. Hale, and that is the class of men taught by Hon. E. W. Stephens, of the First Baptist church of Columbia, which numbers over 100. Rev. Hale's class numbered 76 Sunday morning, and the attendance of the entire school was 393, lacking only seven of the coveted 400 for which this school is striving. The men's class gathered on the porch steps of the church after Sunday school and photographer Crow took a picture of it.

Next Wednesday night the church's financial affairs will be discussed under the subject, "Christian Giving," and everybody is invited to come and meet the new members there. There were 200 present at last week's prayer service.

A reception will be given a week from this Monday evening in the church parlors, which will be a get-acquainted meeting for everyone.

Team Frightened by Motorcycle

The team of J. H. Koger, of near Orrsburg, was frightened Saturday evening by a motorcycle near the Burlington depot. The horses whirled and ran back toward town, breaking the buggy badly, but were caught at Kelley's hotel. Mr. and Mrs. Koger jumped from the buggy when the horses first began running and were not injured. They were given a good scare.

TWO EVIL DEVICES

CARDS AND THE MODERN DANCE BELONG TO THE DEVIL.

WARNED AGAINST THEM

Rev. S. M. Robinson Preaches Scathing Arrangment of Cards and Dances to Young People

Last night at the Young People's Revival at the Buchanan street Methodist church, evangelist Rev. S. M. Robinson preached on "Wordly Amusements. The sermon was a scathing arrangement of cards and the modern dance. The young people were warned against the moral bankruptcy resulting from these two devices of the devil. Rev. Mr. Robinson said in part:

"Cards are said to have been invented to amuse the idle hours of an idotic king. Others have said they were invented to while away the time of the ladies in a Sultan's harem. What ever may have been their origin it is certain that they have become so associated with evil that their use is almost certain to bring about moral pollution. The woman who plays cards for a prize at some social function is guilty in the sight of God in respect to gambling, as the devotees in some back room den where the god of chance is wooed. A woman won a twenty dollar cut glass vase at a card party but was horrified when her son threw her a twenty dollar gold piece into her lap which he had won in a game with some friends.

"The only thing I have heard urged in favor of dancing is that it is good for the health. The exercise is so vigorous and the participants so scantily clad that it would be hard indeed to prove it beneficial. Sam Jones said that if he had a girl who wore a number ten shoe and a number four hat he would send to a dance to train the big end of her. An army officer, when looking on the modern dance for the first time, said if a man should offer to dance with my wife that way I would horse whip him. The chief of police of Chicago said that 80 per cent of the fallen women in that city were led to their ruin by the dance. A young lady said of a sermon that I preached against dancing that I must be of very evil mind to see so much harm in what, to the pure, was innocent. Less than a year from that time a child was born to her out of wedlock."

Rev. Robinson will preach this evening on "The Death of a Fool." The service will begin promptly at 7:45. A workers prayer meeting will be held in the League room at 7:20.

SOUTHERN MENACE

NEGRO COCAINE FIENDS TERRORIZING THE SOUTH

IS NOT FICTION EITHER

Dr. Edward H. Williams of New York Writes Article Which is Attracting Attention.

A half-page article appeared in the New York Times of recent date that is getting considerable attention. It is under the head: "Negro Cocaine Fiends are a Southern Menace."

The article is written by Dr. Edward Huntington Williams, of New York City, a son-in-law of Mrs. Lavencour Michau, of Maryville. He has visited our city quite a number of times and is known to many of our people. To those interested in questions of national importance, a review of Dr. Williams' study of a new condition that is facing the people of the South, will be of interest.

Having noticed from time to time for several years of the claim of the increase of the use of drugs, such as morphine and cocaine among the lower classes of blacks in the South, some of the reports reading like the wildest flights of a fiction writer, he concluded to investigate for himself. By his own story there was nothing "Yellow" about any of these reports. The stories he had read of wholesale murders being preceeded by cocaine orgies and "sniffing" parties he found to be true. There are bare facts that needed no imaginative coloring, and this gruesome evidence was supported by the printed records of insane hospitals, police courts, jails and penitentiaries, and show that drug taking has become a race menace in certain regions of the South.

In the North drug addiction is prevalent enough, in all conscience. The hospitals for the insane in New York state admitting 1 insane drug taker to every 386 other patients last year; and New York's record is about the same as that of her immediate neighbors. But in Georgia the proportion was 1 to 42, in North Carolina about 1 to 84, in Tennessee 1 to 74, and in one of the Mississippi hospitals 1 to 23.

Otherwise stated these Southern states had from five to fifteen times as many insane drug takers as New York state. Most of the drug users, both North and South, were victims of morphine, whereas the negro drug "fiend" uses cocaine almost exclusively. Morphine, when taken into the stomach, tends to upset digestion; taken hypodermically its effects are produced almost immediately and gastric functions are less disturbed, but this method requires special apparatus, a liquid solution and a complicated process of preparation.

Cocaine can be taken in the dry form by the simple process of sniffing into the nose like an ordinary pinch of snuff, and its effects are almost instantaneous when so taken. It can be mixed with brown powder that resembles ordinary snuff and taken without detection under the very eyes of watchful officers. The drug produces an exhilaration which is usually simply a mild intoxication, although it may produce the wildest form of insane exaltation, accompanied by the fantastic hallucinations and delusions that characterize acute mania. But this state is followed by a state of terrible depression a few hours later, or would be if the drug were not again taken to prevent it, and it is for the purpose of producing the exhilaration that the "fiend" continues the use of the drug.

The increased use of cocaine among the low class blacks has come about through the liquor prohibition laws voted by the white people and better class of black people of the South, in order to abolish the saloon and separate the drunken negro and whisky. Through these laws the intelligent class of people of the South have become quite abstemious. This, of course, is nothing short of "class legislation," as the poor and drunken negro could not secure beverages through private purchase, so he sought a substitute in his desperation and that substitute is cocaine; a trail of blood and disaster has marked the progress of this substitution.

The victim is subject to hallucinations of a dangerous nature, imagining that he is being pursued, or that he is being taunted and abused and he puts up a fight, often making fiendish attacks upon the innocent and unsuspecting victims. His strength is tremendous and his resistance to the "knock down" effects of fatal wounds is phenomenal. Bullets fired into vital parts of his body, that would stop a sane man in his tracks, fail to check the "fiend," stop his rush or weaken his attack. One officer in the South fired three shots into the body of a cocaine fiend who was attacking him with a knife, but they had no effect and finally, he had to finish his victim with a club, as his ammunition was gone.

Under channels for the traffic of cocaine exist in many localities of the South and the Mississippi river is probably the greatest highway for wholesale distribution. It is perfectly easy for a man to drop over the side of a boat coming into Mobile harbor or any of the ports on the Mississippi and carry a few pounds of the deadly powder, every ounce of which represents a thousand doses. And when we consider that one ounce, a quantity that does not fill an ordinary watch pocket, will keep fifty "fiends" well "doped" for a week or more, we can readily understand why every effort to suppress the traffic has failed so far.

Dr. Williams closes his great discussion of this new menace of the South by saying that the failure to suppress this evil cannot be attributed to lack of interest of officials, for every one to a man is doing his best to stop it, for it is literally a matter of life and death with him; he declares the great stumbling block in the way of suppressing the traffic of the drug is that the causes that produce it have become entangled with political issues, and the question now is, what is best for the politician? The negro, nor the safety of human life has no part at all in it, and he adds "presently the issue will take some other political twist and then they will call in the surgenos to patch up the wounded"

MAYOR'S PROCLAMATION

In consideration of the fact that there now are four families within the city limits who have the Scarlet fever, and the fear of the further spread of the dread disease, and upon the unanimous recommendation of every physician within our city, and acting upon the eminent authority of Harrington and Richardson on Hygeine and Sanitary Science, who recommend isolation as one of the best safeguards against the spread of contagious diseases.

I want it thoroughly understood that there is no danger for the traveling public in passing in and out of ourcity, for every precaution is being taken to safeguard the people, and to further prevent the spread of this disease.

I have issued the following proclamation:

By virtue of an order of the Board of Health, and upon recommendation of the City Physician and because of a small number of cases of Scarlet Fever within the city: In order to prevent as near as possible a further spread of the diease,

I, Arthur S. Robey, mayor of the City of Maryville, Mo., by virtue of authority vested in me by ordinance of the said city, hereby order all schools churches, places of amusement and public gatherings of every kind or character closed from the 18th day of March, 1914 and remain closed for the period of ten days or until such time as in the opinion of the board of Health and City Physician the aforesaid places may be opened without endangering the public health.

A. S. ROBEY,
Mayor.

CLOSED SCHOOLS

BOARD OF EDUCATION DID SO BECAUSE OF SCARLET FEVER.

FOUR CASES IN THE CITY

Each School Will Undergo a Thorough Fumigation This Week and Will Open Monday.

At a meeting of the board of Education of the Maryvile public schools, held Tuesday morning at 8:30 at the high school building, it was decided to close all the schools of the city for a few days, on account of a few cases of scarlet fever that exists.

Four families are in quarantine, those of J. H. Gray, M. H. Pearson, Burt Harrison and Dennis Morrisey. There is one case in each of these homes. The case of Mrs. Glade Bradley, whose death occurred Monday at the home of her parents, Mr. and Mrs. J. A. Ford, was the only severe case and no one in the family shows any signs of illness as yet.

The high school building, the Franklin, Jefferson and Garfield ward school buildings will undergo a thorough fumigation until the last of the week, and if no new cases develop in that time the school will be opened up again next Monday.

There is no need of alarm among the people because every precaution will be taken to prevent the spread of the disease, and if each family will be as careful and observe the rules of good common sense during this time, and be as guardful of their own as the officers and school authorities are endeavoring to be of the public health there will be no necessity for the schools being closed longer than this week, unless more have been exposed to it than is now known.

The proclamation of Mayor A. S. Robey will effect several public affairs this week, the Young People's Revival at the Buchanan Street Methodist church, the closing efficiency rally at the First Christian church Thursday afternoon, the union meeting of the men's clubs of the city at the same place Thursday night, and the celebration of the anniversary of the Twentieth Century club that was to be postponed until Friday afternoon from Tuesday afternoon. The lecture of Father MacLeod at the Empire theatre and the Buchanan Street Methodist church meeting will be held tonight as the proclamation does not go into effect until Wednesday.

It will cost $400 to fumigate the high school building alone. The school board will hold a meeting Tuesday evening to make arrangements for the work.

TO DES MOINES LEADER

Lona L. Perrin Leaves St. Joseph News-Press to Become Telegraphic Editor of Iowa Paper

Mrs. A. R. Perrin received word Tuesday morning from her son, Lona L. Perrin, of St. Joseph, saying he had accepted the telegraphic editorship of the Des Moines Leader and Register, the leading paper of the state of Iowa.

The place was offered to Mr. Perrin some few days ago, and the News-Press offered him substantial inducement to remain, but the Des Moines offer was to good to turn down, as it gives greater opportunities for usefulness.

The Democrat-Forum is proud of the fact that Mr. Perrin began his newspaper career with it. While a student at the state normal he was engaged to report the affairs of that school, and so well did he keep the doings of the school before the people that his work was widely commented on. He gradually grew into the work of other news not connected with the school and was able to handle all miscellaneous news of the community, when he secured work with the News-Press about a year ago. He is in love with newspaper work, grew in favor with the editors of the News-Press and has proven himself able to do what they have asked him to do. His Maryville friends will be glad to hear of his advancement.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Children love to take Cascarets, because they taste good and never gripe or sicken.—Advertisement.

AWAIT RETURN OF THOMAS

Senate Committee Postpones Action on Women's Resolution.

Washington, March 17.—Hundreds of telegrams, some urging an immediate vote on the woman suffrage constitutional amendment and others appealing for delay until after the national woman suffrage demonstration on May 2, put the senate in a quandary.

Senator Ashurst, pressed to say when he proposed to have a vote, insisted that Senator Thomas of Colorado was in charge of the question. He was out of town for the day.

"If we vote now and the resolution fails of the necessary two-thirds majority, as it will fail—no senator doubts that—some of these good women will feel that their cause has been betrayed by precipitate action," said Mr. Ashurst. "If I thought a single vote could be gained by the delay I would take a decided stand for that action. I don't believe so, however, and my position is that I am willing to vote now, but would prefer to vote in May."

It was finally agreed to postpone debate until Senator Thomas' return.

Put Dummies in Bunks and Escape.

Leavenworth, March 17.—Using a strip of carpet for a rope, Lloyd Bitsburger and Bert Adams slid down from the windows in the chapel at the United States military prison here and escaped. The two men placed dummies in their bunks and slipped into the chapel. They took a long strip of carpet from the chapel floor to make their rope and dropped to the ground within 100 feet of a sentry armed with a shotgun.

Jackson---First Among Comfortable Cars and Why

The big demand of the year, as you know, is for comfort.

The Jackson, as you also know, has always been a comfortable car.

So we believe we are justified in saying that this year, more than ever before, the Jackson stands first among such cars.

It is natural that it should, because of our long experience in designing cars for comfort as well as for the other essentials.

This experience covers eleven years, as applied to the automobile; and reaches two decades farther back, into the carriage industry.

There we learned the value of full elliptic springs—so we use four on every Jackson model.

There we learned that high seat backs and soft cushions are easiest riding; so Jackson seat backs are shoulder high, the cushions 10 inches thick and inclined a bit toward the rear.

Long wheelbases have been Jackson features for years. They make a car ride easily. So do large wheels and tires.

Just the right weight and its correct distribution, enough power and a reserve; a silent power plant, and driving mechanism highly perfected.

These are some of the things our engineers contribute to the comfort of Jackson cars.

Self-starters, electric lights, demountable rims—with their convenience — and the last touch to complete the satisfaction of Jackson ownership.

We shall be glad to demonstrate all these features for you if you will write us or call at our garage.

Surprise Kitchen Shower

Mrs. J. C. Lanning and her daughter, Miss Myrtle Lanning, gave a surprise kitchen shower Saturday evening in honor of Miss Velma Lanning, who will become the bride of Verlin Conley, son of Mr. and Mrs. J. M. Conley, of this city, March 29. The hostesses were assisted by Miss Lula Headrick. Games and an impromptu program of music was given before the shower of elegant kitchen utensils for the bride-to-be was bestowed. A nice luncheon was served. The company included Miss Lanning, Verlin Conley, Mr. and Mrs. J. M. Conley, Misses May and Alma Mahoney, Miss Grace Conley, of Council Bluffs; Mr. and Mrs. Fisher Mercer, Mrs. W. R. Tilson, Charles Maffit, Wayne Morgan, Samuel Volgamott, Robert Lowrey and Miss Bessie Knox.

Surprise Birthday Dinner.

Mrs. George Wallace was given a surprise birthday dinner Sunday to observe her birthday anniversary. Her mother, Mrs. S. S. Casteel, and two sisters, Mrs. Guy Mutz and Mrs. Frank Green, prepared an elaborate dinner and gathered at her home after church Sunday noon. Those in the party were Mr. and Mrs. George Wallace and daughters, Maud and Hazel; Mr. and Mrs. Guy Mutz and son; Mr. and Mrs. Frank Green and sons; Mrs. S. S. Casteel and Frank Wallace. In the afternoon Mrs. Wallace's little daughter, Mildred, concluded to have a surprise for her mother, too, and planned it all by herself. She asked a friend to make some ice cream and then invited her uncle, John Wallace, and family, and Mr. and Mrs. George Wilson and family, over to spend the evening when she served the ice cream and delicious cake to them.

His Fifty-fifth Birthday.

A surprise was given to Lee Birkenholz Saturday evening by friends in his neighborhood north of Maryville, in honor of his 5th birthday anniversary. The evening was spent in a social manner, the men discussing questions on progressive farming and good roads, Mr. Casperson giving a very interesting talk. Some of the ladies of the company gave several fine musical selections, assisted by a number of the gentlemen. A dandy three course luncheon was served at a late hour by the women, who brought baskets filled with good things to eat Mr. Birkenholz received the happy wishes of the entire company as they took their departure. Those present were Mr. and Mrs. Eri Bosch, Mr. and Mrs. Joseph Carmichael, Mr. and Mrs. George Hackett, Mr. and Mrs. Fred Neil, Mr. and Mrs. Lee Birkenholz, Ida Bosch, Nadine Neil, Edith and Hattie Casperson, Jewelle Birkenholz and Chester Casperson.

STOMACH SUFFERERS! READ THIS

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach, liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. Mayr's Wonderful Stomach Remedy is now sold here by **For sale in Maryville, Mo., by Pearson's Pharmacy, and druggists everywhere.**

FOR SALE—25 volume set Britannica encyclopedia; 6-volume set encyclopedia dictionary; some standard fiction. Hanamo phone 5693. 17-19.

Words of Praise

For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. **T. A. NEALL, Roanoke, Texas."**

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal accretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. **Mayr's Wonderful Stomach Remedy** painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about **Mayr's Wonderful Stomach Remedy** or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

"MOTHER" JONES WILL GO BACK

Declares Will Not Submit to Military Despotism.

Denver, March 17.—"I am going back to Trinidad before the end of this week," declared "Mother" Jones. "I fully expect to be arrested and put back in prison as soon as I reach the strike zone, but no governor nor president can make me abandon my constitutional rights as a citizen of the United States to go where I please. So long as I live, I shall refuse to submit to military despotism."

"Yes, I shall go back to Trinidad," continued "Mother" Jones, the eighty-two-year-old leader of striking coal miners. "If they should not arrest me at once, I will go to the strikers' tent colonies and take up my work where I had to drop it two months ago, when the militia locked me up. I shall go ahead caring for the wives and children of the strikers and encouraging the men in their resistance to tyranny and robbery by the coal operators who own southern Colorado."

This was the program announced by "Mother" Jones at the end of her first day of freedom after her release from San Rafael hospital, Trinidad, where she had been held a military prisoner since Jan. 12. The aged strike leader reached here after having been removed from the hospital and from Trinidad with the utmost secrecy.

Soon after her arrival she had an interview with Governor E. M. Ammons, whom she holds responsible for her imprisonment and for many other events in the history of the strike which she declares discreditable to the state.

"Mother" Jones told Governor Ammons that she had been deported against her will and that she was going back to Trinidad whenever it pleased her. The governor replied that he hoped she would not violate the law or do anything to cause disorder in the strike zone.

The New Styles For Spring

AN INTERESTING AND AUTHORITATIVE ARTICLE BY

Mme. Jeanne Savarie

Head Of The Wooltex Fashion Bureau In Paris

Jeune.

This is the French word for new styles.

Jeune means youthful. There are ever so many quite different new styles for spring and summer, something for every type of figure. They are equally stylish. They are all fascinating, youthful, whether made for maid or matron, daughter or mother.

Everybody will want a new wardrobe this spring. First of all, there is some wonderful allure about springtime which just compels the putting on of new attire. Secondly, the new styles are very attractive and look so different from what we have been wearing.

New Styles Essentially Feminine.

New tailored suits and jackets, no less than dresses, waists, hats, and all accessories are all very novel. But the new suits and coats are not complicated or fussy. Often they are quite simple. It is, however, the simplicity of clever, artistic picture-loving, clothes-designing skill. The new styles are essentially feminine. They are becoming. They are suited to the well-bred woman of good taste. The severely masculine lines of recent fashions for women have disappeared. Straight lines have given away to curves. Closely fitted, wall-paper types of garments, which made the plump woman resemble a trussed fowl, and the thin woman painfully accentuated, no longer exist.

Many of the new styles are gracefully draped. Others seem to be, but are not actually draped. They are so shaped or trimmed as to suggest draperies.

The new costumes do not look much wider at the ankles. But they are wider at the hips and knees. The waist line is large.

Yoke effects are on many of the new skirts. Skirts are all high waisted and cut with less curve between the waist line and the hips. This makes the figure look slenderer.

The corsetless figure is a figurement of the imagination. Everybody is wearing some kind of a corset. But the new corsets are designed upon the normal figure of the well-proportioned woman. They give the appearance of "no corset." They are made very pliable and light in weight. They are really much more comfortable than no corset.

Three Distinct Styles In Skirts.

Many skirts in new suits may be classed in one of the three chief divisions, peg-tops, draped skirts, and those made in tiers or with tunics. But there are some exceptions. Some graceful new skirts have full-length plaits in the center front. These were launched by Poiret and are included in several of the new Wooltex models.

The peg-top skirts are illustrated charmingly in many of the new Wooltex skirts, both in suits and separate skirts.

Tier and tunic skirts that are particularly stylish are represented in the Wooltex showing.

Draped skirts include many different designs, but one that is of especial charm because it is becoming to older and stouter figures as well as to young women is No. 336.

Jackets Embody Many New Features.

Jackets of suits and separate coats are all much shorter. Many of the new shapes hang free from the shoulders. Some of the coats have a decided godet-like flare about the bottom. Many jackets are irregular in outline. All jackets and coats will be worn very loose indeed.

These jackets are with one button, with two, with three and some with more buttons. Some lap to one side. Some close in the center front. Some fasten low, and others higher up. Some have no revers. Others have. The cutaway effect is almost universal. But the actual shaping of the cutaway is as varied as the jackets themselves. Cutaway effects in the new loose shapes, worn over the new corsets, are much more becoming to older and stouter women than were the cutaways of last season.

There are many eton and bolero suggestions in the new suit jackets, all very new looking—not in the least like those of other years.

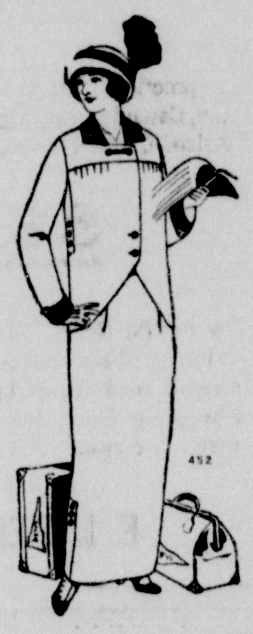
Sleeves are of great style importance. Some are raglans and some are kimonos, both on new lines. Some follow the latest vogue in Paris and are set-in sleeves.

(Tomorrow Madame Savarie will tell of the new coats, the new materials and the new colors.)

This is the introductory article in "The Styles Coming In," the semi-annual Wooltex Fashion Book.

The "Styles Coming In" will be ready for free distribution shortly. Leave your name at the suit section to insure your getting a copy.

Wooltex Suits and Coats



Wooltex Model 452 Price $30.00

The jacket of this suit has revers which may be closed or worn open. Collars, cuffs and attractive buttons are made of satin and piped with contrasting silk. Fulness over bust is obtained by a row of small tucks and a stitched design; a series of small tucks at the back also produces the desired fullness. The skirt is ornamented with two rows of satin buttons.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

Keeps Your Stove
"Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron*. It doesn't *rub off or dust off*. Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter* and *better looking* than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have *ever* used *before*, your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands* of *other* up-to-date women who are now using Black Silk Stove Polish and who say it is the *"best stove polish ever made."*

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you *no more* than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush is with each can of enamel only.

Use BLACK SILK METAL POLISH for silver ware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

NO PANIC SO FAR

DEMOCRATIC ADMINISTRATION HAS NOT RUINED COUNTRY

A SORRY SPECTACLE

The Remnant of Republicans left in House Are Still Unable to Present Solid Front

(By W. C. Van Cleve.)

March 12, 1914, Washington, D. C.—A Democratic Administration has now been at the helm for more than a year and the country still lives. Predicted panics have not come; the seasons come and go as usual with almost monotonous regularity.

Republican statesmen have proved themselves unreliable prophets and many of them worried. They have seized upon one thing after another with hopeful expectancy only to be repudiated and discredited by the facts. The induction of a new party into power at Washington was to be followed by fearful consequences the tampering with the sacred schedules of the Payne-Aldrich tariff law was to bring about disruption and disaster and any change in the thread bare and obsolete currency law could only result in panic and financial disorder.

Yet these things have all come about and satisfaction and contentment are supreme in all sections of the country. Republican leaders have been combing the country from Boston to Seattle for evidence on which to found some sort of industrial alarm but their efforts so far have resulted in nothing. They have discovered idle men in the great cities but the Department of Labor says there are no more than usual during the winter months. They have yelled Argentine beef and Chinese eggs but the Secretary of Commerce says the business of the country was never in better shape, and now comes the Secretary of the Treasury, fresh from a tour of the whole country, who says he has been impressed to the point of amazement with the general promising outlook for the future.

Mr. McAdoo is not a blitherskite politician but a solid, high class business man and his information comes from a personal survey and from contact with local banks in every section of the country. There is no business more sensitive to business depression than the banking business and the bankers and business men in every state have told Mr. McAdoo that the business outlook was never more promising.

* * * * *

The remnant of republicans left in the House of Representatives present a sorry spectacle. There are stand patters, progressives, independents and progressive regulars and their, leader, the Hon. James R. Mann, although one of the ablest tacticians and one of the hardest workers in Congress is unable to control his flock or to present a solid front on any proposition. The old machine that worked with such merciless precision during the Cannon regime is demoralized and for the time at least, has gone to the scrap heap.

* * * * *

The House a few days ago passed a bill introduced by Representative Booher designed to prevent the shipment of convict-goods from one state to another. The purpose of Mr. Booher's bill is to relieve honest labor as far as possible, from competition with convict labor by removing the interstate commerce character of convict made stuff and making it subject to the laws of the state into which it is shipped. It is a good bill and passed the House by a large majority.

Representative Hensley of the thirteenth district, has also had reported a companion bill to the Booher bill which proposes to prohibit the importation into this country of goods made in whole or in part by convict labor. The Booher bill seeks to prevent one state from dumping its convict-made goods into competition with the honest workmen of another state and the Hensley bill would shut out from this country all goods produced by convicts in other countries. These bills, if they pass the senate and become a law, should be a great benefit to the laboring men of the United States. It has been the policy of the democrats of this Congress, not to tax the working men rich, but to aid them in ways that mean something. Mr. Hensley hails from southeast Missouri and ranks as one of the ablest and most industrious of the younger members. He is a credit to his district and holds a high place in the esteem of his fellow members in the House.

* * * * *

The House has also passed a bill to create a Bureau of Labor Safety in the Department of Labor. It is claimed by high authority that over fifty per cent of the industrial accidents are preventable. Contrary to the general understanding, only one-tenth of the fatalities and one-sixteenth of the injuries are suffered by railroad employees. The balance are to those engaged in other industries. When it is remembered that there are 35,000 accidental deaths and 2,000,000 injuries annually, which means a death every 16 minutes and an injury every 16 seconds, the importance of the effort to minimize this toll exacted from our citizenship is readily recognized.

* * * * *

The resignation of ex-Gov. Joseph W. Folk as solicitor of the State Department to become counsel for the Interstate Commerce Commission at $10,000 per year leaves two fat berths in Mr. Bryan's official household. John Basset Moore, his chief diplomatic adviser, has also resigned.

* * * * * *

The President's appeal for the repeal of the provision of the Panama Canal Act exempting American coastwise vessels from the payment of the tolls will be respected in both house and senate according to indications. It raised a storm of protest and it will be repealed because of a desire on the part of the members to support the administration rather than because of any change of opinion. Mr. Underwood will speak in opposition to the repeal but will not exert himself to defeat it.

ONE HUNDRED AND TEN

Hand of Church Fellowship Given to That Many People at First Baptist Church Sunday Night.

The hand of church fellowship was given to 110 persons at the close of the services Sunday evening at the First Baptist church. Quite a number were sick or had sickness in their homes and were unable to be present at that time. The rite of baptism was administered to two candidates at the beginnig of the service and two more were received for baptism.

With the two received for baptism Sunday evening, 191 additions to the church have been made since Rev. Louis Hale, the pastor, began his pastorate the first of September, last. And at the business meeting Wednesday evening of last week, when F. W. Olney the church treasurer gave in his final report before leaving for his new home in Arkansas, it was found that $2,200 had been raised for all purposes since the new pastor began his work. The church was never in better condition in all things.

The presence of Dr. T. L. West, secretary for the state mission board, who preached two fine sermons Sunday, was indeed an uplift to pastor and people. Dr. West says there is but one Sunday School class in the state that out-numbers the class of men taught by Rev. Hale, and that is the class of men taught by Hon. E. W. Stephens, of the First Baptist church of Columbia, which numbers over 100. Rev. Hale's class numbered 76 Sunday morning, and the attendance of the entire school was 393, lacking only seven of the coveted 400 for which this school is striving. The men's class gathered on the porch steps of the church after Sunday school and photographer Crow took a picture of it.

Next Wednesday night the church's financial affairs will be discussed under the subject, "Christian Giving," and everybody is invited to come and meet the new members there. There were 200 present at last week's prayer service.

A reception will be given a week from this Monday evening in the church parlors, which will be a get-acquainted meeting for everyone.

Team Frightened by Motorcycle

The team of J. H. Koger, of near Orrsburg, was frightened Saturday evening by a motorcycle near the Burlington depot. The horses whirled and ran back toward town, breaking the buggy badly, but were caught at Kelley's hotel. Mr. and Mrs. Koger jumped from the buggy when the horses first began running and were not injured. They were given a good scare.

TWO EVIL DEVICES

CARDS AND THE MODERN DANCE BELONG TO THE DEVIL.

WARNED AGAINST THEM

Rev. S. M. Robinson Preaches Scathing Arrangment of Cards and Dances to Young People

Last night at the Young People's Revival at the Buchanan street Methodist church, evangelist Rev. S. M. Robinson preached on "Wordly Amusements. The sermon was a scathing arrangement of cards and the modern dance. The young people were warned against the moral bankruptcy resulting from these two devices of the devil. Rev. Mr. Robinson said in part:

"Cards are said to have been invented to amuse the idle hours of an idotic king. Others have said they were invented to while away the time of the ladies in a Sultan's harem. What ever may have been their origin it is certain that they have become so associated with evil that their use is almost certain to bring about moral pollution. The woman who plays cards for a prize at some social function is guilty in the sight of God in respect to gambling, as the devotees in some back room den where the god of chance is wooed. A woman won a twenty dollar cut glass vase at a card party but was horrified when her son threw her a twenty dollar gold piece into her lap which he had won in a game with some friends.

"The only thing I have heard urged in favor of dancing is that it is good for the health. The exercise is so vigorous and the participants so scantily clad that it would be hard indeed to prove it beneficial. Sam Jones said that if he had a girl who wore a number ten shoe and a number four hat he would send to a dance to train the big end of her. An army officer, when looking on the modern dance for the first time, said if a man should offer to dance with my wife that way I would horse whip him. The chief of police of Chicago said that 80 per cent of the fallen women in that city were led to their ruin by the dance. A young lady said of a sermon that I preached against dancing that I must be of very evil mind to see so much harm in what, to the pure, was innocent. Less than a year from that time a child was born to her out of wedlock."

Rev. Robinson will preach this evening on "The Death of a Fool." The service will begin promptly at 7:45. A workers prayer meeting will be held in the League room at 7:20.

SOUTHERN MENACE

NEGRO COCAINE FIENDS TERRORIZING THE SOUTH

IS NOT FICTION EITHER

Dr. Edward H. Williams of New York Writes Article Which is Attracting Attention.

A half-page article appeared in the New York Times of recent date that is getting considerable attention. It is under the head: "Negro Cocaine Fiends are a Southern Menace."

The article is written by Dr. Edward Huntington Williams, of New York City, a son-in-law of Mrs. Lavencour Michau, of Maryville. He has visited our city quite a number of times and is known to many of our people. To those interested in questions of national importance, a review of Dr. Williams' study of a new condition that is facing the people of the South, will be of interest.

Having noticed from time to time for several years of the claim of the increase of the use of drugs, such as morphine and cocaine among the lower classes of blacks in the South, some of the reports reading like the wildest flights of a fiction writer, he concluded to investigate for himself. By his own story there was nothing "Yellow" about any of these reports. The stories he had read of wholesale murders being preceeded by cocaine orgies and "sniffing" parties he found to be true. There are bare facts that needed no imaginative coloring, and this gruesome evidence was supported by the printed records of insane hospitals, police courts, jails and penitentiaries, and show that drug taking has become a race menace in certain regions of the South.

In the North drug addiction is prevalent enough, in all conscience. The hospitals for the insane in New York state admitting 1 insane drug taker to every 386 other patients last year; and New York's record is about the same as that of her immediate neighbors. But in Georgia the proportion was 1 to 42, in North Carolina about 1 to 84, in Tennessee 1 to 74, and in one of the Mississippi hospitals 1 to 23.

Otherwise stated these Southern states had from five to fifteen times as many insane drug takers as New York state. Most of the drug users, both North and South, were victims of morphine, whereas the negro drug "fiend" uses cocaine almost exclusively. Morphine, when taken into the stomach, tends to upset digestion; taken hypodermically its effects are produced almost immediately and gastric functions are less disturbed, but this method requires special apparatus, a liquid solution and a complicated process of preparation.

Cocaine can be taken in the dry form by the simple process of sniffing into the nose like an ordinary pinch of snuff, and its effects are almost instantaneous when so taken. It can be mixed with brown powder that resembles ordinary snuff and taken without detection under the very eyes of watchful officers. The drug produces an exhilaration which is usually simply a mild intoxication, although it may produce the wildest form of insane exaltation, accompanied by the fantastic hallucinations and delusions that characterize acute mania. But this state is followed by a state of terrible depression a few hours later, or would be if the drug were not again taken to prevent it, and it is for the purpose of producing the exhilaration that the "fiend" continues the use of the drug.

The increased use of cocaine among the low class blacks has come about through the liquor prohibition laws voted by the white people and better class of black people of the South, in order to abolish the saloon and separate the drunken negro and whisky. Through these laws the intelligent class of people of the South have become quite abstemious. This, of course, is nothing short of "class legislation,"as the poor and drunken negro could not secure beverages through private purchase, so he sought a substitute in his desperation and that substitute is cocaine; a trail of blood and disaster has marked the progress of this substitution.

The victim is subject to hallucinations of a dangerous nature, imagining that he is being pursued, or that he is being taunted and abused and he puts up a fight, often making fiendish attacks upon the innocent and unsuspecting victims. His strength is tremendous and his resistance to the "knock down" effects of fatal wounds is phenomenal. Bullets fired into vital parts of his body, that would stop a sane man in his tracks, fail to check the "fiend," stop his rush or weaken his attack. One officer in the South fired three shots into the body of a cocaine fiend who was attacking him with a knife, but they had no effect and finally, he had to finish his victim with a club, as his ammunition was gone.

Under channels for the traffic of cocaine exist in many localities of the South and the Mississippi river is probably the greatest highway for wholesale distribution. It is perfectly easy for a man to drop over the side of a boat coming into Mobile harbor or any of the ports on the Mississippi and carry a few pounds of the deadly powder, every ounce of which represents a thousand doses. And when we consider that one ounce, a quantity that does not fill an ordinary watch pocket, will keep fifty "fiends" well "doped" for a week or more, we can readily understand why every effort to suppress the traffic has failed so far.

Dr. Williams cdoses his great discussion of this new menace of the South by saying that the failure to suppress this evil cannot be attributed to lack of interest of officials, for every one to a man is doing his best to stop it, for it is literally a matter of life and death with him; he declares the great stumbling block in the way of suppressing the traffic of the drug is that the causes that produce it have become entangled with political issues. and the question now is, what is best for the politician? The negro, nor the safety of human life has no part at all in it, and he adds "presently the issue will take some other political twist and then they will call in the surgenos to patch up the wounded"

Mrs. L. F. VanBriggle is spending a few days with her daughter, Mrs. Charles Shipps, of Arkoe.

MAYOR'S PROCLAMATION

In consideration of the fact that there now are four families within the city limits who have the Scarlet fever, and the fear of the further spread of the dread disease, and upon the unanimous recommendation of every physician within our city, and acting upon the eminent authority of Harrington and Richardson on Hygeine and Sanitary Science, who recommend isolation as one of the best safeguards against the spread of contagious diseases.

I want it thoroughly understood that there is no danger for the traveling public in passing in and out of ourcity, for every precaution is being taken to safeguard the people, and to further prevent the spread of this disease.

I have issued the following proclamation:

By virtue of an order of the Board of Health, and upon recommendation of the City Physician and because of a small number of cases of Scarlet Fever within the city: In order to prevent as near as possible a further spread of the diease,

I, Arthur S. Robey, mayor of the City of Maryville, Mo., by virtue of authority vested in me by ordinance of the said city, hereby order all schools churches, places of amusement and public gatherings of every kind or character closed from the 18th day of March, 1914 and remain closed for the period of ten days or until such time as in the opinion of the board of Health and City Physician the aforesaid places may be opened without endangering the public health.

A. S. ROBEY,
Mayor.

CLOSED SCHOOLS

BOARD OF EDUCATION DID SO BECAUSE OF SCARLET FEVER.

FOUR CASES IN THE CITY

Each School Will Undergo a Thorough Fumigation This Week and Will Open Monday.

At a meeting of the board of Education of the Maryvile public schools, held Tuesday morning at 8:30 at the high school building, it was decided to close all the schools of the city for a few days, on account of a few cases of scarlet fever that exists.

Four families are in quarantine, those of J. H. Gray, M. H. Pearson, Burt Harrison and Dennis Morrisey. There is one case in each of these homes. The case of Mrs. Glade Bradley, whose death occurred Monday at the home of her parents, Mr. and Mrs. J. A. Ford, was the only severe case and no one in the family shows any signs of illness as yet.

The high school building, the Franklin, Jefferson and Garfield ward school buildings will undergo a thorough fumigation until the last of the week, and if no new cases develop in that time the school will be opened up again next Monday.

There is no need of alarm among the people because every precaution will be taken to prevent the spread of the disease, and if each family will be as careful and observe the rules of good common sense during this time, and be as guardful of their own as the officers and school authorities are endeavoring to be of the public health there will be no necessity for the schools being closed longer than this week, unless more have been exposed to it than is now known.

The proclamation of Mayor A. S. Robey will effect several public affairs this week, the Young People's Revival at the Buchanan Street Methodist church, the closing efficiency rally at the First Christian church Thursday afternoon, the union meeting of the men's clubs of the city at the same place Thursday night, and the celebration of the anniversary of the Twentieth Century club that was to be postponed until Friday afternoon from Tuesday afternoon. The lecture of Father MacLeod at the Empire theatre and the Buchanan Street Methodist church meeting will be held tonight as the proclamation does not go into effect until Wednesday.

It will cost $400 to fumigate the high school building alone. The school board will hold a meeting Tuesday evening to make arrangements for the work.

TO DES MOINES LEADER.

Lona L. Perrin Leaves St. Joseph News-Press to Become Telegraphic Editor of Iowa Paper

Mrs. A. R. Perrin received word Tuesday morning from her son, Lona L. Perrin, of St. Joseph, saying he had accepted the telegraphic editorship of the Des Moines Leader and Register, the leading paper of the state of Iowa.

The place was offered to Mr. Perrin some few days ago, and the News-Press offered him substantial inducement to remain, but the Des Moines offer was to good to turn down, as it gives greater opportunities for usefulness.

The Democrat-Forum is proud of the fact that Mr. Perrin began his newspaper career with it. While a student at the state normal he was engaged to report the affairs of that school, and so well did he keep the doings of the school before the people that his work was widely commented on. He gradually grew into the work of other news not connected with the school and was able to handle all miscellaneous news of the community, when he secured work with the News-Press about a year ago. He is in love with newspaper work, grew in favor with the editors of the News-Press and has proven himself able to do what they have asked him to do. His Maryville friends will be glad to hear of his advancement.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Advertisement.

AWAIT RETURN OF THOMAS

Senate Committee Postpones Action on Women's Resolution.

Washington, March 17.—Hundreds of telegrams, some urging an immediate vote on the woman suffrage constitutional amendment and others appealing for delay until after the national woman suffrage demonstration on May 2, put the senate in a quandary.

Senator Ashurst, pressed to say when he proposed to have a vote, insisted that Senator Thomas of Colorado was in charge of the question. He was out of town for the day.

"If we vote now and the resolution fails of the necessary two-thirds majority, as it will fail—no senator doubts that—some of these good women will feel that their cause has been betrayed by precipitate action," said Mr. Ashurst. "If I thought a single vote could be gained by the delay I would take a decided stand for that action. I don't believe so, however, and my position is that I am willing to vote now, but would prefer to vote in May."

It was finally agreed to postpone debate until Senator Thomas' return.

Put Dummies in Bunks and Escape.

Leavenworth, March 17.—Using a strip of carpet for a rope, Lloyd Bitsburger and Bert Adams slid down from the windows in the chapel at the United States military prison here and escaped. The two men placed dummies in their bunks and slipped into the chapel. They took a long strip of carpet from the chapel floor to make their rope and dropped to the ground within 100 feet of a sentry armed with a shotgun.

Refuses $750,000 for Cubs.

Cincinnati, March 17.—Charles P. Taft, majority stockholder of the Chicago National league baseball club, refused an offer of $750,000 in cash for the club, made by John T. Connery and Frank D. Mayer, representing a syndicate of Chicago capitalists who desire to purchase. The price that Mr. Taft has asked for the club was not announced.

Coffee, sandwiches and wafers were served, and all the new members were enabled to become acquainted with the older members and were made familiar with the work the women of the church do, Mrs. Mary Owen telling what the ladies aid society has done and Mrs. Eugene Ogden telling of the accomplishments of the woman's missionary society.

Birthday Dinner Surprise.

Elihu Busby was pleasantly surprised Sunday by a number of his friends and relatives in honor of his 48th birthday anniversary. A fine basket dinner was brought by the guests and Mrs. Busby assisted in serving. The remainder of the day was spent in music and games. Those present were Mr. and Mrs. Edward Myers and family, Mr. and Mrs. Michael Sturm and family, Mr. and Mrs. D. J. Busby and family, Mr. and Mrs. Alfred Kennel, Mr. and Mrs. Will Sturm and family,, Miss Elizabeth Doran, Edward Amsinger, and the honor guest and his family.

Married at the Parsonage.

Superintendent Walter W. Gibbony, of the schools at Cainesville, Mo., and Miss Elizabeth J. Henderson, of McFall, Mo., were united in marriage Sunday afternoon at the home of Rev. and Mrs. J. D. Randolph of the Buchanan street Methodist Church. The ceremony was performed by Presiding Elder Robinson, of the Plattsburg M. E. South district. Mr. Gibbony and his bride are well known in Maryville and through this section of Missouri as educators. They will have the best wishes of many friends for a happy life.

Gave Them a House Warming.

Mr. and Mrs. T. Hannah were given a happy surprise Saturday evening, March 14, when eighty-six friends and neighbors gathered to wish them well in their new home. A feast for all was brought in baskets and everybody had a delightful time. These were present Mr. and Mrs. Lee Schildnecht, Mr. and Mrs. H. N. Kennedy and family, Mr. and Mrs. Andrew Nelson and family, Mr. and Mrs. James Lucas and family, Grandma Lucas, Mr. and Mrs. Fred Robinet and family, Mr. and Mrs Frank Hughes and family, Mr. and Mrs. Charles Jackson and daughter, Mr. and Mrs. Orbie Neely and family, Mr. and Mrs. John McKee and family, Mr. and Mrs. Dan Skidmore and family, Mr. and Mrs. Oliver Breit, Mr. and Mrs. Til Breit and daughter, Mrs. Mary Richards, Mr. and Mrs. John Hubbell, Mr. and Mrs. Frank Hannah and daughter, Mr. and Mrs. Fred Crouch and family, Mr. and Mrs. Cam Pettigrew, Mr. and Mrs. Rol Thompson, Mr. and Mrs. Raymond Houghtaling and family, Milt McCoppin, William Hutcheon, Misses Maude Willhoyte, Effie Richards, Leota Turner, Lulu Miller, Messrs. Claude Richards, John Miller, Lute Berry and Wayne Cotter.

Surprise Kitchen Shower

Mrs. J. C. Lanning and her daughter, Miss Myrtle Lanning, gave a surprise kitchen shower Saturday evening in honor of Miss Velma Lanning, who will become the bride of Verlin Conley, son of Mr. and Mrs. J. M. Conley, of this city, March 29. The hostesses were assisted by Miss Lula Headrick. Games and an impromptu program of music was given before the shower of elegant kitchen utensils for the bride-to-be was bestowed. A nice luncheon was served. The company included Miss Lanning, Verlin Conley, Mr. and Mrs. J. M. Conley, Misses May and Alma Mahoney, Miss Grace Conley, of Council Bluffs; Mr. and Mrs. Fisher Mercer, Mrs. W. R. Tilson, Charles Maffit, Wayne Morgan, Samuel Volgamott, Robert Lowrey and Miss Bessie Knox.

Surprise Birthday Dinner.

Mrs. George Wallace was given a surprise birthday dinner Sunday to observe her birthday anniversary. Her mother, Mrs. S. S. Casteel, and two sisters, Mrs. Guy Mutz and Mrs. Frank Green, prepared an elaborate dinner and gathered at her home after church Sunday noon. Those in the party were Mr. and Mrs. George Wallace and daughters, Maud and Hazel; Mr. and Mrs. Guy Mutz and son; Mr. and Mrs. Frank Green and sons; Mrs. S. S. Casteel and Frank Wallace. In the afternoon Mrs. Wallace's little daughter, Mildred, concluded to have a surprise for her mother, too, and planned it all by herself. She asked a friend to make some ice cream and then invited her uncle, John Wallace, and family, and Mr. and Mrs. George Wilson and family, over to spend the evening when she served the ice cream and delicious cake to them.

His Fifty-fifth Birthday.

A surprise was given to Lee Birkenholz Saturday evening by friends in his neighborhood north of Maryville, in honor of his 5th birthday anniversary. The evening was spent in a social manner, the men discussing questions on progressive farming and good roads, Mr. Casperson giving a very interesting talk. Some of the ladies of the company gave several fine musical selections, assisted by a number of the gentlemen. A dandy three course luncheon was served at a late hour by the women, who brought baskets filled with good things to eat Mr. Birkenholz received the happy wishes of the entire company as they took their departure. Those present were Mr. and Mrs. Eri Bosch, Mr. and Mrs. Joseph Carmichael, Mr. and Mrs. George Hackett, Mr. and Mrs. Fred Neil, Mr. and Mrs. Lee Birkenholz, Ida Bosch, Nadine Neil, Edith and Hattie Casperson, Jewelle Birkenholz and Chester Casperson.

STOMACH SUFFERERS! READ THIS

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach, liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. Mayr's Wonderful Stomach Remedy is now sold here by **For sale in Maryville, Mo., by Pearson's Pharmacy, and druggists everywhere.**

FOR SALE—25 volume set Britannica encyclopedia; 6-volume set encyclopedia dictionary; some standard fiction. Hanamo phone 5693. 17-19.

Words of Praise

For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal accretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. **Mayr's Wonderful Stomach Remedy** painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about **Mayr's Wonderful Stomach Remedy** or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

Jackson---First Among Comfortable Cars and Why

The big demand of the year, as you know, is for comfort.

The Jackson, as you also know, has always been a comfortable car.

So we believe we are justified in saying that this year, more than ever before, the Jackson stands first among such cars.

It is natural that it should, because of our long experience in designing cars for comfort as well as for the other essentials.

This experience covers eleven years, as applied to the automobile; and reaches two decades farther back, into the carriage industry.

There we learned the value of full elliptic springs—so we use four on every Jackson model.

There we learned that high seat backs and soft cushions are easiest riding; so Jackson seat backs are shoulder high, the cushions 10 inches thick and inclined a bit toward the rear.

Long wheelbases have been Jackson features for years. They make a car ride easily. So do large wheels and tires.

Just the right weight and its correct distribution, enough power and a reserve; a silent power plant, and driving mechanism highly perfected.

These are some of the things our engineers contribute to the comfort of Jackson cars.

Self-starters, electric lights, demountable rims—with their convenience — and the last touch to complete the satisfaction of Jackson ownership.

We shall be glad to demonstrate all these features for you if you will write us or call at our garage.

"MOTHER" JONES WILL GO BACK

Declares Will Not Submit to Military Despotism.

Denver, March 17.—"I am going back to Trinidad before the end of this week," declared "Mother" Jones. "I fully expect to be arrested and put back in prison as soon as I reach the strike zone, but no governor nor president can make me abandon my constitutional rights as a citizen of the United States to go where I please. So long as I live, I shall refuse to submit to military despotism."

"Yes, I shall go back to Trinidad," continued "Mother" Jones, the eighty-two-year-old leader of striking coal miners. "If they should not arrest me at once, I will go to the strikers' tent colonies and take up my work where I had to drop it two months ago, when the militia locked me up. I shall go ahead caring for the wives and children of the strikers and encouraging the men in their resistance to tyranny and robbery by the coal operators who own southern Colorado."

This was the program announced by "Mother" Jones at the end of her first day of freedom after her release from San Rafael hospital, Trinidad, where she had been held a military prisoner since Jan. 12. The aged strike leader reached here after having been removed from the hospital and from Trinidad with the utmost secrecy.

Soon after her arrival she had an interview with Governor E. M. Ammons, whom she holds responsible for her imprisonment and for many other events in the history of the strike which she declares discreditable to the state.

"Mother" Jones told Governor Ammons that she had been deported against her will and that she was going back to Trinidad whenever it pleased her. The governor replied that he hoped she would not violate the law or do anything to cause disorder in the strike zone.

The New Styles For Spring

AN INTERESTING AND AUTHORITATIVE ARTICLE BY

Mme. Jeanne Savarie

Head Of The Wooltex Fashion Bureau In Paris

Jeune.

This is the French word for new styles.

Jeune means youthful. There are ever so many quite different new styles for spring and summer, something for every type of figure. They are equally stylish. They are all fascinating, youthful, whether made for maid or matron, daughter or mother.

Everybody will want a new wardrobe this spring. First of all, there is some wonderful allure about springtime which just compels the putting on of new attire. Secondly, the new styles are very attractive and look so different from what we have been wearing.

New Styles Essentially Feminine.

New tailored suits and jackets, no less than dresses, waists, hats, and all accessories are all very novel. But the new suits and coats are not complicated or fussy. Often they are quite simple. It is, however, the simplicity of clever, artistic picture-loving, clothes-designing skill. The new styles are essentially feminine. They are becoming. They are suited to the well-bred woman of good taste. The severely masculine lines of recent fashions for women have disappeared. Straight lines have given away to curves. Closely fitted, wall-paper types of garments, which made the plump woman resemble a trussed fowl, and the thin woman painfully accentuated, no longer exist.

Many of the new styles are gracefully draped. Others seem to be, but are not actually draped. They are so shaped or trimmed as to suggest draperies.

The new costumes do not look much wider at the ankles. But they are wider at the hips and knees. The waist line is large.

Yoke effects are on many of the new skirts. Skirts are all high waisted and cut with less curve between the waist line and the hips. This makes the figure look slenderer.

The corsetless figure is a figurement of the imagination. Everybody is wearing some kind of a corset. But the new corsets are designed upon the normal figure of the well-proportioned woman. They give the appearance of "no corset." They are made very pliable and light in weight. They are really much more comfortable than no corset.

Three Distinct Styles In Skirts.

Many skirts in new suits may be classed in one of the three chief divisions, peg-tops, draped skirts, and those made in tiers or with tunics. But there are some exceptions. Some graceful new skirts have full-length plaits in the center front. These were launched by Poiret and are included in several of the new Wooltex models.

The peg-top skirts are illustrated charmingly in many of the new Wooltex skirts, both in suits and separate skirts.

Tier and tunic skirts that are particularly stylish are represented in the Wooltex showing.

Draped skirts include many different designs, but one that is of especial charm because it is becoming to older and stouter figures as well as to young women is No. 336.

Jackets Embody Many New Features.

Jackets of suits and separate coats are all much shorter. Many of the new shapes hang free from the shoulders. Some of the coats have a decided godet-like flare about the bottom. Many jackets are irregular in outline. All jackets and coats will be worn very loose indeed.

These jackets are with one button, with two, with three and some with more buttons. Some lap to one side. Some close in the center front. Some fasten low, and others higher up. Some have no revers. Others have. The cutaway effect is almost universal. But the actual shaping of the cutaway is as varied as the jackets themselves. Cutaway effects in the new loose shapes, worn over the new corsets, are much more becoming to older and stouter women than were the cutaways of last season.

There are many eton and bolero suggestions in the new suit jackets, all very new looking—not in the least like those of other years.

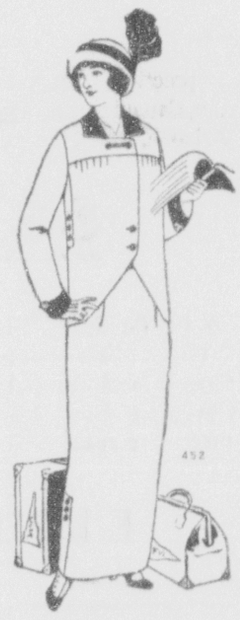
Sleeves are of great style importance. Some are raglans and some are kimonos, both on new lines. Some follow the latest vogue in Paris and are set-in sleeves.

(Tomorrow Madame Savarie will tell of the new coats, the new materials and the new colors.)

This is the introductory article in "The Styles Coming In," the semi-annual Wooltex Fashion Book.

The "Styles Coming In" will be ready for free distribution shortly. Leave your name at the suit section to insure your getting a copy.

Wooltex Suits and Coats



Wooltex Model 452
Price $30.00

The jacket of this suit has revers which may be closed or worn open. Collars, cuffs and attractive buttons are made of satin and piped with contrasting silk. Fullness over bust is obtained by a row of small tucks and a stitched design; a series of small tucks at the back also produces the desired fullness. The skirt is ornamented with two rows of satin buttons.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

Keeps Your Stove "Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron*. It doesn't *rub off or dust off*. Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter* and *better looking* than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have *ever* used *before*, your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands* of *other* up-to-date women who are now using Black Silk Stove Polish and who say it is the "*best stove polish ever made.*"

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you *no more* than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush with each can of enamel only.

Use BLACK SILK METAL POLISH for silver, nickel, tinware or brass. It works quickly, fully, and leaves a brilliant surface. It has no equal for use on automobiles.

We have many difficult cases of eye troubles to deal with—optical defects—that only glasses will relieve. You may have had other glasses that did not suit you, and been thoroughly disgusted with them, but that is no reason why you shouldn't take time to get glasses that are worth while. Not any glasses, but ones that are exactly suited to your eyes. Our examinations are thorough and accurate. When will you call?

Are You Going West? I Can Save You Money

You ought to know about those cheap one-way colonist tickets to places out west and up in the northwest.

You can go out there in a good warm chair-car—not a cent extra charge for that—and if you go on the C.B.&Q. Railroad you won't have to make a lot of changes. You can just travel easy, and Great Scott! What a lot there is to see on the way.

Maybe I can help you a bit—that's what the railroad pays me to do. If you want some stuff about the country and a free map, and all about the cheap tickets and good trains, why just phone, write or drop in when you are going by and I will tell what I know and be glad to do it
